

It's simple.  
It's digital.

## »» xSuite Solutions Inc.

The U.S. Subsidiary of the Global Workflow Management & Document Consulting Group

xSuite Solutions Inc. is the U.S. subsidiary of WMD Vertrieb GmbH/ Germany specializing in SAP-based workflow solutions for purchase-to-pay and order-to-cash. xSuite Solutions serves the entire North American market. Services include not only the implementation and maintenance of SAP-based software solutions but also consulting and implementation of document-centric business processes for finance, procurement, and sales. xSuite Solutions is a software company with a strong focus on services for the delivery of high quality solutions to its customers. Our business processes are all geared toward fulfilling the unique demands of our customers.

Founded in 1994 and managed by its owners, WMD has established itself firmly as a software developer and provider of market-leading ECM systems. WMD streamlines scanning, document processing, and archiving within and beyond SAP. WMD's xSuite solution is developed in-house and delivers interfaces enabling easy integration in any environment. It covers compliant, workflow-supported invoicing and PO processing, management of digital personnel files and contracts, digital mailroom processing, email archiving, and other areas. WMD is presently expanding its classic on-premises solution portfolio to include services in the cloud.

As an SAP Silver Partner, WMD offers deep expertise in workflow and archiving. WMD's xSuite 5.1 is "SAP Certified – Powered by SAP Net-Weaver".
