

»» WMD ASIA to Show SAP-Integrated Solutions at CFO Innovation Forum Series 2018

At the CFO Innovation Forum Series 2018 in Indonesia, Singapore, Philippines and Malaysia, Workflow and Document Management Specialist WMD will present the xSuite portfolio for managing SAP-integrated business processes.

Singapore/Jakarta, Indonesia February 19, 2018

The CFO Innovation Forum Series 2018 offers for CFOs and finance executives an excellent opportunity to meet and exchange ideas to set the course in the areas of risk, technology, investment and strategy. Once again, WMD ASIA (Workflow Management & Document Consulting) is supporting this major financial forum series this year in four different countries as sponsor and exhibitor: in Indonesia on March 15, 2018, followed by Singapore (May 9-10, 2018), Philippines (June 26, 2018) and Malaysia (October 25, 2018).

As SAP Silver Partner and the developer of xSuite for SAP, WMD offers innovation and deep technical expertise in SAP ERP process solutions. xSuite can be deployed in a diversity of settings and supports a wide range of technologies.

WMD - Workflow Management & Document Consulting

- Founded in 1994, owner-managed
- Producer of xSuite®
- Provider of integrated ECM solutions and optimized workflows for business processes
- Provider of managed services for customers using xSuite for SAP
- 1,000 ECM installations, over 600 in the area of SAP ERP
- SAP Software Solution and Technology Partner
- 24 years of consulting and project expertise
- Headquartered in Germany, we have subsidiaries in Denmark, the Netherlands, Singapore, Slovakia, Spain, and the U.S.A., as well as an office in England
- 170 employees
- A revenue of more than €29 million in 2017

The 5th CFO Innovation Indonesia Forum in Jakarta will be the first event in which WMD ASIA will participate this year.

It is the largest CFO gathering in Indonesia with almost all speakers from top MNCs in Indonesia. Visitors will learn about new topics on current issues, including human capital, business process optimization and trade credits risks. They will also receive extensive opportunities to network with top technology providers for finance community.

WMD will show SAP-integrated solutions that enable organizations to realize faster business processes with better transparency and control. At WMD's booth, visitors will learn how the xSuite product portfolio streamlines accounts payable, purchase order processes, and more.

Visitors can schedule face-to-face meetings with WMD experts.
